Leslie Hepler, Resource Geologist
State of Utah
Department of Natural Resources
Division of Oil, Gas & Mining
Box 145801
Salt Lake City, UT 84114-5801

Dear Leslie:

I am finally sending you the 2012 small mining operations progress reports for M-H Calcite Quarry, Mine Permit # V045029; Harborlite Perlite Pit, Mine Permit # S045044; and Tule Valley Silica, Mine Permit # S270104. There was no material mined at any of these three operations in 2012. However, we did complete some reclamation at the M-H 1 calcite quarry.

In 2011, we completed a test project that disturbed an additional .3 acres at the calcite quarry. In 2012, we reclaimed these .3 acres. The reclamation is explained in the letters that are attached to the progress report for the calcite quarry.

If you have any questions, please feel free to call.

Yours very truly,

Sidney K. Hullinger
Senior Vice President
